Country	Organisation	Responsibility
Japan	The Japan CSO Coalition for DRR (JCC-DRR)	NFP <input checked="" type="checkbox"/> RSG <input checked="" type="checkbox"/>

The Japan CSO Coalition for DRR (JCC-DRR)

is a network of over 50 Japanese Civil Society Organisations that monitor the implementation of the SFDRR and implement disaster risk reduction programmes for future disasters Nationally, Regionally and Globally.

Japan CSO Coalition
for Disaster Risk Reduction

JCC-DRR activities:

- Monitoring of the SFDRR: JCC-DRR becomes the focal network on monitoring of implementation of the SFDRR in Japan.
- Mainstreaming of DRR: Conduct initiatives that mainstream DRR into relevant sectors and contribute to the enhancement of the DRR capacity in Japan as a whole.
- Advocacy: JCC-DRR's global advocacy on lessons learnt from Japan leads to concrete implementation of risk reduction measures regionally and globally based on the SFDRR.

Agency for Basic Community Development (ABC) was created in response to the 2007 Nargis Cyclone that hit Myanmar's delta area where ABC implemented DRR projects for two years. In 2011, ABC moved to the North-West region (Chin State and Sagaing Region) of Myanmar. Among the local CSOs, ABC is the leading organization for capacity building of local CSOs for promoting community based disaster risk reduction (CBDRR) program in that region.
